Event 3. Notice of Seminar on Internal Combustion Engine on dated 10/04/2024.

NOTICE

Date: 10/04/2024

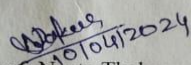

All the Students of Science and Humanities Department are hereby informed that, is going to organized at our institute. Guest lecture on Internal Combustion engines. 13th April 2024 at 12.30 pm. All are informed to present. IC engine which converts chemical energy of the fuel (mostly petrol or diesel) into useful mechanical energy where as SI engine is a type of IC engine (petrol engine) which uses petrol as it's fuel and a spark plug to ignite to fuel and order to complete the combustion process and produce work.

It is informed to all to note the following information of Guest lecture.

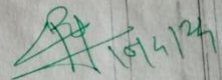

Date: 13th April 2024

Time: 12.30 pm to 1:30 pm

Venue: First year, first floor Digital classroom 1104.

INVITATION LETTER

To,
Prof. Sandip Jaware,
HOD of Mechanical Dept.
SSPACE, Wardha.

Subject: Regarding Guest lecture on IC Engine.

Respected Sir,

On behalf of the **Department of Science and Humanities**, we would like to conduct guest lecture on IC Engine, and also we would like to invite as speaker for talk on Internal Combustion Engine as we are aware of your great contribution to this field of work.

The following time slots below:

Date: 13th April 2024

Time: From 12:30 pm to 1:30 pm (1 hour), Saturday.

Venue: First Year, first floor, Digital Classroom 1104.

Event Coordinators: Prof. Neeta Thakare, Department of Science and Humanities.

We look forward to your presence at the guest lecture. Thank you for considering this invitation.

THANKING LETTER

To,
Prof. Sandip Jaware,
SSPACE, WARDHA.

Subject: Regarding for the guest lecture.

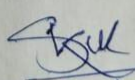

Respected Sir,

This letter indicates a special thanking and gratitude for coming and delivering the lecture on "**Internal Combustion Engine**" on 13th April 2024.

Heartfelt thanks for guidance about such as the information are the most common forms of heat engines, as they are used in Vehicles, boats, Ships, airplanes, and trains. They are such named as because the fuel is ignited in order to do work inside the engines. The advantages of include a high power to weight ratio, widely available fuel, low cost and ease of use.

We wish to have you more often with guidance. Wishing you good health and wisdom.

Thank you.
